

High-Risk Driver Training Program

The *Northbridge Insurance*® High-Risk Driver Program is a revolutionary new process, designed for the transportation industry by transportation safety professionals. This innovative program will provide participants with a new approach to cost-effective driver performance management.

Key Features

In this one-hour workshop, participants will learn:

- How to define and identify the drivers within their fleet who are at high risk of a crash in the next 12 months
- How to forecast high-risk driver-related crashes and their costs in the next 12 months
- How to avoid these crashes and save their business substantial costs

Who Should Attend

Owners, Recruiters, Trainers, Driver Coaches and Safety Managers

Trainee Benefits

- Reduced violations
- Will recognize opportunities to change unsafe behaviours and reduce crashes
- Increased intervention options for high-risk driver management

Employer Benefits

- Receive a higher return on your safety dollars
- Improve bottom-line financial performance
- Provide the tools for management intervention before the crash happens
